DECLASS REVIEW by NIMA/DOD

Subject: Two-Stage Rectifier

Dear Ken:

Enclosed are copies of an errata sheet for the appendix to the two-stage rectifier reference manual. Please deliver them to holders of the reference manuals. Note that there are two different sheets. The one dated October 17, 1963 in the lower right-hand corner goes to Omaha and the sheets dated October 9, 1963 in the lower right-hand corner go to the three later instruments.

Very truly yours,

STATINTL
